

War Memorial Restoration Project

Buy-A-Brick

Help pave the pathway to the War Memorial Restoration.

Example of a 4"x 8" inscribed brick.

Each commemorative or memorial brick will be inscribed with your personal message. The 4"x 8" size will accommodate up to three lines with a maximum of 15 characters per line.

The War Memorial Restoration Project involves a comprehensive plan to save this historic, architectural treasure for the use and benefit of all the citizens of Brockton. This building is the most visible and classic tribute to the sacrifice of our veterans **and it must be preserved.**

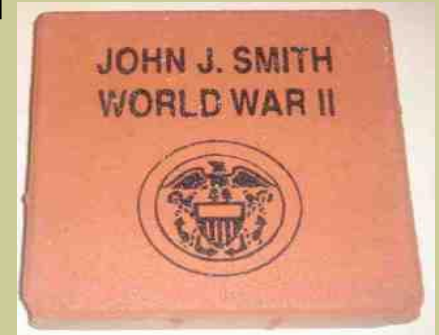

Dedication Walkway

The Dedication Walkway involves a proposal to accept donations to purchase individually inscribed bricks, which will be assembled into the walkway of the soon-to-be constructed elevator lobby and tower.

For more information call 508-588-1400 or 508-580-7123, or visit www.brocktonwarmemorial.com

The architectural design of the Dedication Walkway will accommodate an additional 8"x 8" size commemorative or memorial brick. This size will display up to five lines with a maximum of 15 characters per line, or two lines of text and a logo of any branch of the armed services or major veterans organization, for example, the American Legion or VFW.
